Stewart Elliott, Five Years Old,
Champion Attendant of Sunday
School

Stewart Elliott is the prize winner for going to Sunday School a year. He began in October, 1912, and has not missed one Sunday at the present time. One Sunday he complained of not feeling well, but when his mother proposed, his staying at home from Sunday School, he immediately felt better and able to go. And when his mother was going on a visit for several days and planned to take him with her he had to be assured she would get back before Sunday so he should not miss his Sunday School. His father and mother were going to take a trip in an auto one Sunday, but he stayed at home rather than miss the Sunday School. The little fellow only five years old has set us all a good example.
